H. Hamm was in Mt. Vernon on business Tuesday.—Missess. Ella King and Nellie Prewitt, of Gum Sulphur, are visiting Miss Mattie Wilmot.—Messrs. Barbee McAfee, A. C. McClary, R. G. Wilmott and F. L. Fuller particulars later.—Brodhead is in a marrying way. Last Friday night Miss Annie Simpson was made Mrs. Columbus Blankenship, and on Saturday night Miss Maude Roberts was made Mrs. Wm. Ballard, and also on the same night Miss Ellen Wallen's heart was made beat as Mrs. Varus Brummett. Let the good work continue. And if Malum Rumor is correct three more will follow soon.—The Fair this year promises to be better in every respect. More and larger premiums than ever before. Bear the dates in mind Aug. 15, 16 and 17. And be sure to be there to see all of your old friends.

### MARETBURG.

But what a relief to know that though:

"The grave grows green,  
"The flowers bloom fair above that head;  
"No sorrowing tint of leaf or spray  
"Says he is dead."  
"Not dead, not sleeping;  
"But present still  
"And waiting for the coming hour  
"Of God's sweet will.

A sweet breath adds to the joys of a kiss. You wouldn't want to kiss your wife, mother or sweetheart with a bad breath. You can't have a sweet breath without a healthy stomach. You can't have a healthy stomach without perfect digestion. There is only one remedy that digests what you eat and makes the breath as sweet as a rose—and that remedy is KODOL FOR DYSPEPSIA. It is a relief for sour stomach, palpitation of the heart, and other ailments arising from disorder of the stomach and digestion. Take a little Kodol after your meals and see what it will do for you. Sold by Chas. C. Davis.

It is just possible that Senator Morgan may induce the President to stop off at Nicaragua and see what a mistake the government made in not building a canal there.

After the mud geysers that have developed during the Pennsylvania campaign the Yellowstone National Park can go way back and sit down.

### A TRAGIC FINISH.

A watchman's neglect permitted a leak in the great North Sea dyke which a child's finger could have stopped to become a ruinous break devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure at all druggists. 50c and \$1.00. Trial bottle free.

### SENATOR MCCREARY ANNOUNCES HIS CANDIDACY.

To the Democrats of Kentucky:  
I have in various newspaper interviews declared my candidacy for United States Senator, and I now, over my own signature, submit to you my candidacy for the nomination as United States Senator according to the plan announced by the Democratic Executive Committee of Kentucky.

For the honor conferred upon me in 1902 when I was elected United States Senator, I am sincerely grateful. I have tried to be faithful and efficient, and the manner in which I have discharged my official duties I leave to the unprejudiced judgment of the people of Kentucky.

I have always been in favor of primary elections fairly and legally held, and I have always been opposed to bossism or machine rule. When I was first a candidate for United States Senator the other candidates and myself agreed to a primary election to be held two months before the election of United States Senator by the General Assembly, but the State Democratic Committee did not deem it for the best interests of the democratic party, and refused to order a primary election. The proposed primary election is ordered to be held many months earlier than any primary election to nominate either State officers or United States Senator was ever held in Kentucky, or in any other State. For many years primaries or conventions in our State to nominate candidates for State offices have been held in May or June of the year in which the candidates nominated were to be voted for at the November election, and it has been heretofore believed that said primaries should not occur when Presidential or Congressional elections are held, so that National and State issues would be separated.

The primary election ordered to be held on the 6th day of next November will occur on the regular election day when Representatives in Congress will be elected, and this primary election was called eighteen months before the election of a United States Senator by the General Assembly, and two years and eight months before the Senator elected can take his seat in the United States Senate, and candidates for State offices will be nominated twelve months before they can be elected, and the call for a primary to nominate them so early is in violation of the rule adopted by the democrats at the last State Convention in 1904. The success of the Democratic party should be paramount to the success of any individual, and the governing authorities of the Democratic party should act for the benefit of the whole Democratic party and not for the benefit of a few democrats.

The outlook for democratic victory in the next national election is brighter than it has been in years, and becoming more favorable every day. Kentucky democrats must give no heed to "rule or ruin" policies, but uphold wise and just policies that will keep Kentucky in the democratic column with an increased democratic majority.

I have perfect confidence in the democrats of Kentucky, and I willingly and gladly submit to their judgment and their action my aspiration for a second term in the United States Senate.

I have always been a faithful loyal democrat, and I have worked and made speeches in every campaign in our state for thirty years, and I have always when in office given all of my time to the faithful discharge of my duties, and when our state had been republican several years, and I was requested by the democratic authorities to take charge of the campaign in 1900, I managed the campaign, visited many counties in the State, and organized and made many speeches, and with the aid of my brother democrats we redeemed the State from republican rule and gave a majority to our candidate for Governor and our candidate for President.

Precedents are not lacking in Kentucky for giving to her Sena-

tors, whose services have been proven satisfactory, second and even third terms, and as democrats have not yet objected to or criticized my record I am asking an endorsement.

Legislation on important questions and the great issues now before our country concern the welfare of the people more than ever before, and I trust my experience and my investigation make me better equipped for faithful and efficient discharge of my duties if I am elected.

The democratic majority in Kentucky is small when both political parties vote their full strength. Our majorities in twenty years, compared with those twenty-five years ago, admonish us of the necessity of a earnest and united party action. Every democrat who participates in the primary election should endeavor to strengthen our party and improve its prospects for victory at the regular election by conducting the campaign on a high and honorable plane, and by seeing that every candidate has justice and fair play, and that an honest primary is held and every vote counted as cast.

Respectfully,  
JAMES B. MCCREARY,  
Richmond, Ky., June 28, 1906.

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Houghland of Elgin Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the south and west. I always carry this remedy and have used it successfully on many occasions. No person traveling or at home can be without this remedy. For sale by Chas. C. Davis leading druggist Mt. Vernon

MODEST CHAMBERS OBTAIN CARRY THE MOST CONVICTION.

When Maxim the famous gun inventor placed his gun before a committee of judges he stated its carrying power to be much below what he felt sure it would accomplish. The result of the trial was a surprise instead of a disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish but prefer to let the users make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by Chas. C. Davis the leading druggist Mt. Vernon.

LYNCHBURG'S BIG DAY.

The Clark Circus gave two performances yesterday, out on the big ground, and at the evening performance actually turned people away. This is a clean cut and meritorious circus, and they well deserved the immense crowds that thronged their mammoth tents. They gave a glittering golden street parade at noon, three quarters of a mile long and composed of dazzling cars, carriages, open automobiles, pretty girls mounted on beautiful horses, a large military band mounted on handsome Arabian stallions and a wonderful chimes wagon that emits strange and soulful music. A herd of monster elephants, camels, llamas etc, brought up the rear. The young people and the country folk enjoyed the processionary marvel hugely, their enthusiastic verdict was "great!"

The performances were excellent and each and every act was greeted with genuine and mistletoe applause. This show carries on an unusually large collection of animals and the features of their large menagerie were the baby lions, the leopards and a herd of five elephants. Two of this herd were a sight that the people of Lynchburg and vicinity never before beheld viz: the largest and smallest elephants on earth.

The big elephant "Kentucky" is a monster indeed, and the average spectator stood and gazed in awe at his mammoth bulk. He is larger and heavier than Barnum's famous Jumbo, weighing over seven tons.

The baby elephant, Colonel, is an offspring of Kentucky and is but six weeks old and weighs only 186 pounds. Colonel at once became the pet of the large crowd. The other four elephants stand and gaze jealously and sullenly at the attentions showered upon the midget elephant. As a whole it was the greatest circus that Lynchburg has had in years, and now we can go back to the fields and factories until circus day comes round again. —Lynchburg Falcon.

## RENT PAYS FOR THE LAND.

FERTILE SECTIONS OF THE SOUTHWEST, WHERE LAND SELLS FOR \$15 AND RENTS FOR \$5 PER ACRE.

One of the remarkable things about Eastern Arkansas and Northern Louisiana is the fact that cleared land rents for \$5 per acre, cash and can be bought for \$7.50 per acre. It costs \$6 to \$10 an acre to clear it. Other improvements are slight and inexpensive.

The soil is rich alluvial, or made. It produces a bale of cotton per acre, worth \$15 to \$20. This accounts for its high rental value. Other crops such as corn, small grains, grasses, vegetables and fruits thrive as well.

Alfalfa yields 1 to 6 cuttings, a ton a cutting, and brings \$10 to \$15 per ton.

In other sections of these states, and in Texas as well, the rolling or all land is especially adapted to stock raising and fruit growing. Land is very cheap, \$5 to \$10; improved farms \$10, \$15 to \$25 per acre.

The new White River country offers many opportunities for settlers. High, rolling, fine water — is naturally adapted to stock and fruit raising. Can be bought as low as \$5 per acre.

See this great country for yourself and pick out a location. Descriptive literature, with maps, free on request.

## BOWEL COMPLAINT IN CHILDREN.

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy as it promptly controls any unnatural looseness of the bowels, whether it be in child or an adult. For sale by Chas. C. Davis, the leading druggist Mt. Vernon.

## TWENTY YEARS BATTLE.

"I was a loser in a twenty year battle with chronic piles and malignant sores, until I tried Buckley's Arnica Salve, which turned the tide by curing both, till not a trace remains," writes A. M. Bruce of Farmville Va. Best for old Ulcers, cuts, burns and wounds. 25c at all druggists.

## Any resident of the Indian Territory who is thirsty can now get a drink without going over the line into Oklahoma.

## WAR AGAINST CONSUMPTION.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. Chas. C. Davis.

## A secret service man inaugurated the President's vacation trip by knocking down a photographer who had snapped a picture of Mr. Roosevelt. Pretty fair indications there is nothing in the third term talk.
